# Testimonials

Thank you so much for the Invite & event. I must say, very wonderful event. The discussions were informative & Insightful and thank you for the nomination and award too. Lucky to be part of it

~ **Mahendra Lodha, Bloomsbury India**

It was a great pleasure to experience the Event as a participant. The Event was conceptualized well and executed flawlessly, right from the beginning (which was a few months before the happening of event), till its conclusion. I have a lot of added respect for you for this and also for having built up and nurtured such a great team.

~ **Badarinath Rao, Naandi Foundation**

# Testimonials

It was great to share my views on the Data Driven CFO and Process Intelligence and be part of the elite panel. The platform helped me to connect with my colleagues at Mahindra Group as well as few of my ex-colleagues. It was great networking opportunity.

~ **Mandar Dixit, Mahindra Group**

Thank you for the opportunity to be part of such a warm and well-conducted event. It was truly a pleasure to attend. I also enjoyed reconnecting with some familiar faces and meeting many new professionals – it now feels like one large, vibrant network. A particularly pleasant surprise was meeting Mr. Anup Pujari, who fondly recalled his association with my organisation (BAIF) from the mid-eighties – nearly four decades ago. The event has certainly left us with a lasting impression and warm memories.

~ **Shrinivas Kulkarni, BAIF**
